

Commercial Salad Spinners

Ideal to dry lettuce and other leaf vegetables

Output: Up to 720 Kg./h. - 1,600 lbs./h.

Sammic salad spinners dry lettuce and other vegetables in as low as 1-3 minutes thanks to their **fast speed (900 r.p.m)** ensuring **the highest product quality**.

All models are equipped with **powerful three-phase motors** controlled by a highly reliable electronic speed variator. This enables the salad dryer to be connected to a single-phase electrical mains supply.

Stainless steel body and spinner basket. With highly resistant cover and buffer with safety switch.

User friendly control panel with **advanced options** like cycle selection.

The unique **Vibration Control System** automatically controls the load distribution prior to initiation. The **motor brake** enables fast and smooth cut-off.

All ES commercial salad dryers are equipped with braked castors. This allows maximum comfort in the workplace, providing stability during operation and ease of movement for cleaning & storage.

Guaranteed top performance without damaging the product.

Equipped with wheels with brake as standard.

Electronic, user-friendly high performance control panel.
