INOX - COMPACT

Compact stainless steel Potato Rumbler

Sammic compact stainless steel potato peeler is a 5 Kg. capacity rumbler specifically designed for reduced space areas.

Easy to install, it is ideal for **placement near a sink** for drainage. It can also be equipped with a stainless steel stand with removable filter chamber.

Stainless steel made, its base plate is covered with a resistant and long-lasting **peeling abrasive**.

The water inlet system is equipped with **non-return air break system**.

The control panel, complete with a 0-6 minute timer, offers the possibility of continuous use.

POTATO PEELER M-5

5 Kg. / 11 pounds load per cycle.

Commercial stainless steel construction potato peeler suitable for reduced space areas.

Also suitable to peel carrots and other similar products.

		RRP €
1000565	Potato peeler M-5 230/50-60/1	1.320

Optional equipment

- Stainless steel floor stand
- Filter with no-foam feature.

STAINLESS STEEL COMMERCIAL POTATO PEELERS

Stainless steel construction Potato Rumlbers

Sammic range of commercial stainless steel potato peelers consists of models ranging from **10 to 30 Kg. capacity per cycle** and are ideal to peel potatoes, carrots and similar products.

Stainless steel made, they offer high capacity and production thanks to silicon carbide abrasive (approved by NSF) lining on **lateral stirrers** within the chamber. The aluminium base plate is also lined with silicon carbide abrasive (approved by NSF) and is easily detachable for cleaning purposes.

The waterproof control board (**IP65**) offers improved reliability against moisture and water splash. The 0-6 min. timer and the possibility of continuous operation covers the needs of any professional user.

Auto-drag of waste to the drain and the water inlet system with **non-return air break** are included in all models.

All PI range potato peelers are equipped with an **auxiliary contact** for external electric valve and are **energy-efficient** owing to engine optimisation.

All models are approved by **NSF International**.

NSF

POTATO PEELER PI-10

10 Kg. / 22 pounds load per cycle.

Stainless steel construction commercial potato peeler.

Also suitable to peel carrots and other similar products.

		RRP €
1000650	Potato peeler PI-10 230-400/50/3N	1.945
